I'm still trying to figure what new stories are legit. I've decided to boycott those who have boycotted Trump.

I don't know who Ron Watkins is but he isn't a credible person based off his post. Joe Biden is getting inaugurated on the 20th. Hopefully the 74 million plus Trump supporters jump ship and start a new party with either Trump or Flynn as the leader(s).

Yeah I don't know who he is either. That's just an example of all the shit I'm seeing on Facebook. I'm so discouraged over this I haven't even done my research. People are playin on peoples feelings right now with propaganda to get a name for themselves, it's hard to find the facts. It's like we're in a Chinese horror film. Lol
